DPS and CASI have researched and engineered two new industry leading periodical distribution industry solutions for the complex and expensive task of magazine and book return handling. Magazine industry sales efficiency review indicates 2.6 billion returned copies of magazines (65% of delivered product is returned) for last year as reported in the **NEW Single Copy** June 5th! Millions of paperback and hardback books are also returned every year! Take a dinosaur bite out of your return handling cost with the **VERY FAST** 7,000 magazines per hour **ReturnMaster 100** and the 15 slot **Book Return SortMaster 115**.

ReturnMaster 100 7,000 Magazines per hour

Book Return SortMaster 115 15 Gaylord sorts

Many other industry automation machinery and conveyance options can help your company put more money on the bottom line.

See why companies use **DPS/CASI** solutions for "verified picks", automated product labeling, automated manifest, efficient sortation and merge conveyance with expert controls providing total material handling solutions designed for your company's success!
